

CITY NIGHT

VISION

Fun was never meant to be optional! A City Night is a monthly rhythm for every City Group to just have some fun together (including great food, of course). Involving the whole family, a City Night is a great night to connect on a different level as a CGroup and to invite your friends to come with. They are usually backyard bbqs or game nights, but they are also often tied to fun events and outings in the city like trick-or-treating or the Superbowl. If you are looking to join a CGroup, this makes them perfect nights to check one out for the first time.
